S Special Review Overlay District [No Changes Proposed]

AU Assembly Use Overlay District

3-1320 Specific Purposes and Applicability

In addition to the general purposes listed in Article 1, the specific purpose of the AU Assembly Use Overlay District is to provide for discretionary review of assembly uses on certain non-residentially zoned properties which may be designated by the City Council, consistent with General Plan policies. This allows Assembly Uses, as defined in Article 3, to be considered on non-residentially zoned properties on a conditional use basis, beyond the residential-zoned properties for which they are already conditionally permitted.

3-1322 Applicability and Zoning Map Designation

The AU Assembly Use Overlay District may be combined with any zoning district. It may be initiated by the City Council or Planning Commission under the procedures established by Article 27: Amendments. Each AU Overlay District shall be shown on the zoning map by adding an "-AU" to the base district designation. The zoning map also shall include a reference to the adopting ordinance establishing the AU Overlay District.

3-1324 Land Use and Property Development Regulations

The land use and development regulations applicable in an AU Overlay District shall be those of the base zoning district with which the AU Overlay District is combined unless modified by another overlay district or by the ordinance establishing the AU Overlay District. The requirements of the applicable AU Overlay District shall govern where conflicts arise.

3-1326 Use Permit Required

A use permit is required for any of the following actions within an AU Overlay District:

- A. Establishment of any new assembly use.*
- B. Substantial expansion or alteration of any existing assembly use and/or structure.*
- C. In addition to or in lieu of a use permit, the City Council may establish other review procedures or requirements at the time of establishment of an AU Overlay District or necessary to assure conformance of uses and buildings with purposes and objectives of the AU District.*

- D. Exceptions. The Zoning Enforcement Official may waive the requirement for a use permit or other specified discretionary approval for the following activities, provided that any such waiver is not inconsistent with any policy directive or review criteria incorporated in the legislation establishing the AU Overlay District. These exceptions include alterations of existing structures that are minor in nature or that do not add more than ten percent (10%) to existing floor area, and maintenance or repair of existing structures.

3-1328 Review Criteria and Conditions of Approval

The review criteria and conditions of approval shall be as required in Sections 5-2212 and 5-2214.

3-1330 Procedures

An application for approval of a use permit in an AU Overlay District shall be processed in accord with the procedures established by Sections 5-2206 and 5-2208 and any additional requirements applicable to that AU district.

SECTION 4: Part IV, Article 17 of the Zoning Code is hereby amended to read as follows:

OFF-STREET PARKING AND LOADING SPACES REQUIRED

Use Classification	Off-Street Parking Spaces	Off-Street Loading Spaces Per Group Classification (See Table A, Page 16)

SECTION 5: If any section, subsection, subdivision, paragraph, sentence, clause or phrase of the Ordinance is for any reason held to be unconstitutional, invalid, or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Ordinance or any part hereof. The City Council hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause and phrase of the Ordinance irrespective of the fact that one or more of them would be declared unconstitutional or invalid. To this end, the provisions of the Ordinance are declared to be severable.
